(1) The 2020 Notes Tender Cap is the maximum aggregate principal amount of the 4.700% Notes due 2020 that will be purchased in the Waterfall Offer.

- (2) The Total Consideration payable for each \$1,000 principal amount of Securities validly tendered at or prior to the Early Tender Deadline and accepted for purchase by us includes the applicable Early Tender Premium. In addition, holders whose Securities are accepted will also receive accrued interest on such Securities.
- (3) The Total Consideration will be determined taking into account the applicable par call date for such series of Securities.

The amounts of each series of Waterfall Notes that are purchased will be determined in accordance with the acceptance priority levels specified in Table II above (the "Acceptance Priority Levels"), with 1 being the highest Acceptance Priority Level and 7 being the lowest Acceptance Priority Level. In addition, the aggregate purchase price in the Tender Offer for the Company's 4.700% Notes due 2020 will not exceed the 2020 Notes Tender Cap, as specified in the table above.

The tender offers are being made upon and are subject to the terms and conditions set forth in the Offer to Purchase, dated March 13, 2017, and the related Letter of Transmittal (as they may each be amended or supplemented from time to time, the "Tender Offer Documents"). The tender offers will expire at midnight, New York City time, at the end of April 7, 2017, unless extended or terminated (the "Expiration Date"). Tenders of Securities may be withdrawn at any time at or prior to 5:00 p.m., New York City time, on March 24, 2017, but may not be withdrawn thereafter except where additional withdrawal rights are required by law.

The prices to be paid for each series of Securities subject to the fixed spread offer and accepted for purchase will be determined at 2:00 p.m., New York City time, on the business day following the Early Tender Deadline (as it may be extended with respect to the applicable offer, the "Price Determination Date"). The prices to be paid for the Securities will be calculated on the basis of the yield to the applicable call or maturity date of the applicable reference security listed in the applicable table above on the Price Determination Date.

Holders of Securities that are validly tendered and not properly withdrawn at or prior to 5:00 p.m., New York City time, on March 24, 2017 (unless extended, the "Early Tender Deadline") and accepted for purchase will receive the applicable Total Consideration, which includes the applicable early tender premium specified in the applicable table above (the "Early Tender Premium"). Holders of Securities who validly tender their Securities following the Early Tender Deadline and at or prior to the Expiration Date will only receive the applicable "Tender Offer Consideration," which is equal to the applicable Total Consideration minus the applicable Early Tender Premium.

Payments for Securities purchased will include accrued and unpaid interest from and including the last interest payment date applicable to the relevant series of Securities up to, but not including, the applicable settlement date for such Securities accepted for purchase.

If the Waterfall Offer is not fully subscribed as of the Early Tender Deadline, subject to the 2020 Notes Tender Cap (if applicable) and the Maximum Waterfall Tender Amount, Waterfall Notes validly tendered and not properly withdrawn at or prior to the Early Tender Deadline will be accepted for purchase in priority to other Waterfall Notes tendered following the Early Tender Deadline even if such Waterfall Notes tendered following the Early Tender Deadline have a higher Acceptance Priority Level than Waterfall Notes tendered at or prior to the Early Tender Deadline.

Waterfall Notes of a series may be subject to proration if the aggregate principal amount of the Waterfall Notes of such series validly tendered and not validly withdrawn would cause the 2020 Notes Tender Cap (if applicable) or the Maximum Waterfall Tender Amount to be exceeded. Furthermore, if the Waterfall Offer is fully subscribed as of the Early Tender Deadline, holders who validly tender Waterfall Notes following the Early Tender Deadline will not have any of their Waterfall Notes accepted for purchase.

Newell Brands' obligation to accept for payment and to pay for the Securities validly tendered in the tender offers is subject to the satisfaction or waiver of the conditions described in the Offer to Purchase.

The Company also intends to call for redemption any and all of its 6.250% Notes due 2018 (the "2018 Notes") not tendered in the Any and All Offer in accordance with the terms and at the redemption price, plus accrued and unpaid interest to, but not including, the date of redemption, stated in the indenture governing the 2018 Notes. The Company may deliver such notice at any time prior to the Expiration Date. However, no assurance can be given that such 2018 Notes will be redeemed as contemplated or at all. Neither the Offer to Purchase nor the accompanying Consent and Letter of Transmittal constitute a notice of redemption.

The full details of the tender offers, including complete instructions on how to tender Securities, are included in the Tender Offer Documents.
