FORWARD-LOOKING STATEMENTS

We have made statements in this prospectus supplement and accompanying prospectus and in the documents incorporated by reference herein and therein that are not historical in nature and constitute forward-looking statements in reliance upon the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements may relate to, but are not limited to, information or assumptions about the effects of sales (including pricing), income/(loss), earnings per share, operating income or gross margin improvements or declines, return on equity, return on invested capital, Project Acceleration, the European Transformation Plan, the Capital Structure Optimization Plan, Project Renewal, capital and other expenditures, working capital, cash flow, dividends, capital structure, debt to capitalization ratios, debt ratings, availability of financing, interest rates, restructuring and restructuring-related costs, impairment and other charges, potential losses on divestitures, impacts of changes in accounting standards, pending legal proceedings and claims (including environmental matters), future economic performance, costs and cost savings (including raw material and sourced product inflation, productivity and streamlining), synergies, management’s plans, goals and objectives for future operations, performance and growth or the assumptions relating to any of the forward-looking statements. These statements generally are accompanied by words such as “intend,” “anticipate,” “believe,” “estimate,” “project,” “target,” “plan,” “expect,” “will,” “should,” “would” or similar statements. We caution that forward-looking statements are not guarantees because there are inherent difficulties in predicting future results. Actual results could differ

[Table of Contents](#)

materially from those expressed or implied in the forward-looking statements. Important factors that could cause actual results to differ materially from those suggested by the forward-looking statements include, but are not limited to, our dependence on the strength of retail, commercial and industrial sectors of the economy in light of the continuation or escalation of the global economic slowdown or sovereign debt issues; currency fluctuations; competition with other manufacturers and distributors of consumer products; major retailers' strong bargaining power; changes in the prices of raw materials and sourced products and our ability to obtain raw materials and sourced products in a timely manner from suppliers; our ability to develop innovative new products and to develop, maintain and strengthen our end-user brands; our ability to expeditiously close facilities and move operations while managing foreign regulations and other impediments; our ability to implement successfully information technology solutions throughout our organization; our ability to improve productivity and streamline operations; changes to our credit ratings; significant increases in the funding obligations related to our pension plans due to declining asset values or otherwise; the imposition of tax liabilities greater than our provisions for such matters; the risks inherent in our foreign operations; and those matters listed in our most recent Annual Report on Form 10-K, including Item 1A of such report, and in Exhibit 99.1 to our Quarterly Report on Form 10-Q for the quarter ended March 31, 2012.

SUMMARY

The following summary may not contain all of the information that is important to you. You should read the following summary together with more detailed information regarding us and the notes being sold in this offering and our financial statements and notes thereto which are incorporated by reference in this prospectus supplement and the accompanying prospectus. See “Where You Can Find More Information” in the accompanying prospectus. Unless otherwise indicated or the context otherwise requires, references in this prospectus supplement to “Newell,” “we,” “us” and “our” are to Newell Rubbermaid Inc. and its subsidiaries.

We are a global marketer of consumer and commercial products that help people flourish every day, where they live, learn, work and play. Our products are marketed under a strong portfolio of brands, including Rubbermaid®, Graco®, Aprica®, Levolor®, Calphalon®, Goody®, Sharpie®, Paper Mate®, Dymo®, Parker®, Waterman®, Irwin® and Lenox®. Our multi-product offering consists of well-known, name-brand consumer and commercial products in three business segments: Newell Consumer; Newell Professional; and Baby & Parenting.

Our vision is to be a global company of Brands That Matter™ and great people, known for best-in-class results. We are committed to building consumer-meaningful brands through understanding the needs of consumers and using those insights to create innovative, highly differentiated product solutions that offer performance and value.

The transformation that began several years ago building Brands That Matter™ and insight-driven innovations that win in the marketplace has created a solid foundation. The Company now has a stronger and more tightly focused portfolio of leading brands with a margin structure that allows for brand investment. The Company has devised its new Growth Game Plan, which is the strategy the Company is implementing to fulfill its ambition to build a bigger, faster-growing, more global and more profitable company.

In implementing the tenets of our strategy, we are focused on Every Day Great Execution, or “EDGE”, to capitalize on and maximize the benefits of investment and growth opportunities and to optimize the cost structure of the business.

Business Segments

Our reportable segments reflect our focus on building large consumer brands, promoting organizational integration, achieving operating efficiencies in sourcing and distribution, and leveraging our understanding of similar consumer segments and distribution channels.

Effective January 1, 2012, we, as part of Project Renewal, implemented changes to our organizational structure that resulted in the consolidation of three operating groups into two and of 13 global business units (each, a “GBU”) into nine. One of the two new operating groups is primarily consumer-facing (“Newell Consumer”), while the other is primarily commercial-facing (“Newell Professional”). In addition, the Baby & Parenting GBU operates as a stand-alone operating segment and is reported separately.

Organizational Structure

Our core organizing concept is the GBU and each GBU supports one or more of our key brands worldwide, with a focus on developing and marketing differentiated products designed to meet consumers' needs. The GBU structure positions the business units to leverage research and development, branding, marketing and innovation on a global basis and facilitates our objective of optimizing working capital and shared resources. Our nine GBUs comprise our three operating segments as follows:

Reportable Segments	GBU	Key Brands	Description of Primary Products
Newell Consumer	Home, Organization & Style	Rubbermaid®, Levolor®, Goody®	Indoor/outdoor organization, food storage and home storage products; window treatments; hair care accessories
	Writing & Creative Expression	Sharpie®, Expo®, Paper Mate®	Writing instruments, including pens, pencils, markers and highlighters
	Fine Writing & Luxury Accessories	Parker®, Waterman®	Fine writing instruments and leather goods
	Culinary Lifestyles	Calphalon®	Gourmet cookware, bakeware, cutlery and small kitchen electrics
Newell Professional	Commercial Products	Rubbermaid® Commercial Products	Cleaning and refuse products, hygiene systems, material handling solutions and medical and computer carts, and wall-mounted work stations
	Construction Tools & Accessories	Irwin®, Shur-line®, Bulldog®	Hand tools and power tool accessories, manual paint applicators and convenience hardware
	Labeling Technology & Integrated Solutions	Dymo®, Mimio®	Office technology solutions such as label makers and printers and interactive teaching solutions

Issuer	Newell Rubbermaid Inc., a Delaware corporation.	
Securities Offered	\$ 250.0 million aggregate initial principal amount of	% Notes due 2015 (the “2015 notes”).
	\$ 250.0 million aggregate initial principal amount of	% Notes due 2022 (the “2022 notes,” and
	together with the 2015 notes, the “notes”).	
Maturity Date	The 2015 notes will mature on	, 2015.
	The 2022 notes will mature on	, 2022.
Interest Rate	The interest rate on the 2015 notes will be	% per year.
	The interest rate on the 2022 notes will be	% per year.
Interest Payment Dates	Interest on the notes will be payable semi-annually in arrears on and of each year, commencing , 2012 to holders of record on the and (whether or not a business day) immediately preceding the relevant interest payment date.	
Optional Redemption	We may redeem all or part of the 2015 notes at any time, and all or part of the 2022 notes at any time prior to the date that is three months prior to the maturity date, at our option at a redemption price equal to the greater of: <ul style="list-style-type: none">• the principal amount of the notes being redeemed; or• the Make-Whole Amount (as defined herein) for the notes being redeemed, plus, in each case, accrued interest to the redemption date. On or after the date that is three months prior to the maturity date, we may redeem all or part of the 2022 notes at any time at our option at a redemption price equal to 100% of the principal amount of the 2022 notes being redeemed plus accrued interest to the redemption date.	
Change of Control Offer	If a change of control triggering event occurs with respect to a series of notes, each holder of the notes of such series may require us to purchase all or a portion of such holder’s notes at a price equal to 101% of the principal amount, plus accrued interest, if any, to the date of purchase. See “Description of the Notes—Change of Control Offer.”	

Ranking	<p>The notes will rank equally in right of payment with each other and with all of our unsecured and unsubordinated indebtedness from time to time outstanding. The notes will be effectively subordinated to all liabilities of our subsidiaries, and our ability to pay principal and interest on the notes could be affected by the ability of our subsidiaries to declare and distribute dividends or otherwise transfer assets to us.</p> <p>The indenture under which the notes are being offered does not limit the amount of debt that we or any of our subsidiaries may incur.</p>
Use of Proceeds	<p>We will use the net proceeds from the sale of the notes (1) to redeem all our outstanding 5 1/4% Convertible Quarterly Income Preferred Securities, having an aggregate liquidation preference of \$421.2 million, (2) to reduce borrowings under our commercial paper program, (3) to reduce amounts outstanding under our receivables financing facility and (4) for general corporate purposes.</p>
Sinking Fund	<p>None.</p>
Form and Denominations	<p>The notes of each series will be issued in book-entry form in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof and represented by one or more global notes deposited with a custodian for, and registered in the name of a nominee of, The Depository Trust Company.</p>
Trustee	<p>The Bank of New York Mellon Trust Company, N.A.</p>
Certain Covenants	<p>The indenture contains certain restrictive covenants that, among other things, will limit our ability to:</p> <ul style="list-style-type: none">• consolidate with or merge into, or convey, transfer or lease all or substantially all of our properties and assets to, any person; and• with certain exceptions, create, incur, assume or suffer to exist any lien of any kind upon any of our property or assets, or to permit any of our subsidiaries to do so upon any of their respective assets, unless all of the notes are equally and ratably secured. <p>These covenants are subject to important exceptions and qualifications, which are described under the captions "Description of Debt Securities" and "Particular Terms of the Senior Debt Securities" in the accompanying prospectus.</p>
Events of Default	<p>The events of default under the indenture for any series of notes include, but are not limited to, the following:</p> <ul style="list-style-type: none">• our failure to pay interest on such series of notes for 30 days after the date payment is due;• our failure to pay principal of such series of notes when due;

- our failure to perform, or a breach of, any of our covenants or agreements in the indenture for 60 days after receipt of due notice from the trustee or the holders of at least 25% of the notes of such series that performance or cure of breach was required;
- certain events of bankruptcy, insolvency or reorganization; and
- an event of default under any indebtedness of Newell or any of its principal subsidiaries which results in a principal amount of that indebtedness in excess of \$75,000,000 being due and payable which remains outstanding longer than 30 days after receipt of due notice from the trustee or the holders of at least 25% of the notes of such series.

Additional Notes

We may, without the consent of the holders, issue additional 2015 notes or 2022 notes and thereby increase the principal amount in the future, with the same terms and conditions and with the same CUSIP number as the notes of such series so that the additional notes will be consolidated and form a single series with the notes of such series.

Risk Factors

Your decision to participate in the offering is a decision to invest in the notes, which involves substantial risk. See "Risk Factors" beginning on the following page for a discussion of factors you should carefully consider before deciding to participate in this offering.

Governing Law

The notes and the indenture are governed by, and construed in accordance with, the laws of the State of New York.

RISK FACTORS

In considering whether to purchase the notes offered by this prospectus supplement and the accompanying prospectus, you should carefully consider the information included or incorporated by reference in this prospectus supplement and the accompanying prospectus. In particular, you should carefully consider the factors listed in "Forward-Looking Statements" as well as the "Risk Factors" contained in our Annual Report on Form 10-K for the year ended December 31, 2011 and in Exhibit 99.1 to our Quarterly Report on Form 10-Q for the quarter ended March 31, 2012, which are incorporated by reference herein. The risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations, our financial results and the value of the notes. In addition, the risks described below could result in a decrease in the value of the notes and your investment therein.

We are a holding company and the notes will be structurally subordinated to the liabilities of our subsidiaries.

Because Newell is a holding company and conducts its business principally through its subsidiaries, the notes will be structurally subordinated to the liabilities of its subsidiaries. For example, substantially all of Newell's consolidated accounts payable represent obligations of Newell's subsidiaries. The rights of Newell, and the rights of its creditors, including the holders of the notes, to participate in any distribution of the assets of any of its subsidiaries upon that subsidiary's liquidation or reorganization or otherwise are necessarily subject to the prior claims of creditors of that subsidiary, except to the extent that Newell's claims as a creditor of that subsidiary may be recognized.

We may not have sufficient funds to purchase the notes upon a change of control triggering event, and this covenant provides limited protection to investors.

Holders of the notes may require us to purchase their notes upon a "change of control triggering event" as defined under "Description of the Notes—Change of Control Offer." We cannot assure you that we will have sufficient financial resources, or will be able to arrange sufficient financing, to pay the purchase price of the notes, particularly if a change of control event triggers a similar repurchase requirement for, or results in the acceleration of, our other then-existing debt. Holders of our 5.50% Notes due 2013, 6.25% Notes due 2018, 10.60% Notes due 2019 and 4.70% Notes due 2020 may require us to repurchase such notes on the same change of control triggering events. Likewise, certain fundamental changes are events of default under our revolving credit agreement, which would permit our lenders to accelerate such indebtedness, to the extent amounts are outstanding under such arrangements. In addition, certain changes of control are termination events under our receivables securitization facility, which would permit the declaration of a termination date and result in the proceeds from all receivables under the facility paying off the facility.

The change of control offer covenant is limited to the transactions specified in "Description of the Notes—Change of Control Offer." We have no present intention to engage in a transaction involving a change of control triggering event, although it is possible that we could decide to do so in the future. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a change of control triggering event under the notes, but that could increase the amount of indebtedness outstanding at that time or otherwise materially adversely affect our capital structure or credit ratings.

An active trading market for the notes may not develop.

Each series of notes is a new issue of securities with no established trading market and will not be listed on any securities exchange. If an active trading market does not develop or is not maintained, holders of the notes may experience difficulty in reselling, or an inability to sell, the notes. Future trading prices for the notes may be adversely affected by many factors, including changes in our financial performance, changes in the overall market for similar securities and performance or prospects for companies in our industry.

USE OF PROCEEDS

We estimate the net proceeds from the sale of the notes offered hereby (after deducting the underwriting discounts and our estimated expenses of the offering) to be \$496.0 million.

We will use the proceeds from the offering (1) to redeem all of our outstanding 5 1/4% Convertible Quarterly Income Preferred Securities, having an aggregate liquidation preference of \$421.2 million, (2) to reduce borrowings under our commercial paper program, (3) to reduce amounts outstanding under our receivables financing facility and (4) for general corporate purposes. For the year ended December 31, 2011, the weighted average yield, including expenses, on borrowings under our commercial paper program was 2.2% per year and the average weighted yield, including expenses, on amounts outstanding on our receivables financing facility was 1.5% per year.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

Our ratio of earnings to fixed charges for the periods indicated is as follows:

Year Ended December 31,					Three Months Ended
2007	2008	2009	2010	2011	March 31,
					2012
4.94	1.00	3.28	2.79	2.15	4.17

For purposes of calculating the ratio of earnings to fixed charges, "earnings" consist of income from continuing operations before income taxes, adding back fixed charges and deducting equity in earnings. "Fixed charges" consist of interest on all indebtedness (including capitalized lease obligations and amortization of debt discounts and issuance costs) and the portion of rental expense on operating leases determined to be interest.

CAPITALIZATION

The following table sets forth our cash, short-term debt and capitalization as of March 31, 2012, on

- an actual basis;
- an as adjusted basis to give effect to (i) the issuance and sale of (a) \$250,000,000 aggregate principal amount of 2015 notes in this offering and (b) \$250,000,000 aggregate principal amount of 2022 notes in this offering and (ii) the use of proceeds to fund the redemption of all of our outstanding 5 ¹/₄% Convertible Quarterly Income Preferred Securities, to reduce borrowings under our commercial paper program and to reduce amounts outstanding under our receivables financing facility.

You should read this table in conjunction with our consolidated financial statements and related notes incorporated by reference in this prospectus supplement and the accompanying prospectus.

DESCRIPTION OF THE NOTES

We will issue the notes under a senior indenture between us and The Bank of New York Mellon Trust Company, N.A, as trustee (as used in this prospectus supplement, the “trustee”). The indenture is subject to, and governed by, the Trust Indenture Act of 1939. In this prospectus supplement, we refer to the % Notes due 2015 as the “2015 notes” and the % Notes due 2022 as the “2022 notes”. We also refer to the 2015 notes and the 2022 notes collectively as the “notes.” The term “debt securities,” as used in this prospectus supplement, refers to all debt securities issued and issuable from time to time under the indenture and includes the notes. The debt securities and the trustee are more fully described in the accompanying prospectus under the captions “Description of Debt Securities” and “Particular Terms of the Senior Debt Securities.” The following summary of certain provisions of the notes and of the indenture is not complete and is qualified in its entirety by reference to the indenture, a form of which is incorporated as an exhibit to the registration statement of which this prospectus supplement and the accompanying prospectus are a part. This summary supplements and, to the extent inconsistent with, replaces the description of the general terms and provisions of the debt securities under the captions “Description of Debt Securities” and “Particular Terms of the Senior Debt Securities” in the accompanying prospectus. Terms used but not defined in this prospectus supplement or in the accompanying prospectus have the meanings given to them in the indenture.

Ranking

The notes:

- will be general unsecured obligations of Newell;
- will be *pari passu* in right of payment with all of our other unsecured and unsubordinated indebtedness from time to time outstanding; and
- will be senior in right of payment to any future subordinated indebtedness of Newell.

All debt securities, including the notes, issued and to be issued under the indenture will be our unsecured general obligations and will rank equally with all other of our unsecured and unsubordinated indebtedness from time to time outstanding. Because Newell is a holding company and conducts its business principally through its subsidiaries, these notes will be structurally subordinated to the liabilities of its subsidiaries. For example, substantially all of Newell’s consolidated accounts payable represent obligations of Newell’s subsidiaries. The rights of Newell, and the rights of its creditors, including the holders of the notes, to participate in any distribution of the assets of any of its subsidiaries upon that subsidiary’s liquidation or reorganization or otherwise are necessarily subject to the prior claims of creditors of that subsidiary, except to the extent that Newell’s claims as a creditor of that subsidiary may be recognized.

The indenture does not limit the aggregate principal amount of debt securities that we may issue. We may issue debt securities from time to time as a single series or in two or more separate series up to the aggregate principal amount that we authorize from time to time for each series. We may, from time to time, without the consent of the holders of the notes, issue additional 2015 notes, 2022 notes or other debt securities under the indenture in addition to the aggregate principal amount of the 2015 notes and the 2022 notes offered by this prospectus supplement.

Principal, Maturity and Interest

We are initially offering \$250,000,000 principal amount of 2015 notes and \$250,000,000 principal amount of 2022 notes. We may, without the consent of the holders, increase the principal amount of either series of the notes outstanding in the future by issuing additional notes of such series with the same terms and conditions and with the same CUSIP number as the notes of such series so that the additional notes will be consolidated and form a single series with the notes of such series.

The 2015 notes will mature on _____, 2015 and will bear interest at a rate of _____ % per year. The 2022 notes will mature on _____, 2022 and will bear interest at a rate of _____ % per year. Interest on the notes will accrue from June _____, 2012 or from the most recent interest payment date to which interest has been paid or duly provided for. We:

- will pay interest on the notes semi-annually in arrears on _____ and _____ of each year during which an installment of interest is due and payable, commencing _____, 2012;
- will pay interest to the person in whose name a note is registered at the close of business on the _____ or _____, as applicable (whether or not a Business Day) (each a "Regular Record Date"), preceding the interest payment date; and
- will compute interest on the basis of a 360-day year consisting of twelve 30-day months.

If any interest payment date or maturity or redemption date falls on a day that is not a business day, then the payment will be made on the next business day without additional interest and with the same effect as if it were made on the originally scheduled date. "Business day," with respect to any place of payment or any other particular location referred to in the indenture or the notes, means each Monday, Tuesday, Wednesday, Thursday and Friday which is not a day on which banking institutions in that place of payment or particular location are authorized or obligated by law or executive order to close.

We will issue the notes only in fully registered book-entry form without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Notes may be transferred or exchanged only through a participating member of The Depository Trust Company, or any successor depository (which we refer to as DTC). See "Book-Entry, Delivery and Form."

We will make payments of principal of, and premium, if any, and interest on, notes through the trustee to DTC or its nominee. See "Book-Entry, Delivery and Form."

The notes will not have the benefit of any sinking fund.

The notes are subject to defeasance and discharge as described under the caption "Description of Debt Securities—Defeasance" in the accompanying prospectus.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will not be required to pay a service charge for any transfer or exchange but will be required to pay certain

taxes and governmental charges that are due on certain transfers. We will not be required to transfer or exchange any note selected for redemption. We also will not be required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Optional Redemption

All or any portion of the 2015 notes may be redeemed at our option at any time, and all or any portion of the 2022 notes may be redeemed at our option at any time prior to the date that is three months prior to the maturity date, at a redemption price for the notes to be redeemed equal to the greater of the following amounts:

- 100% of the principal amount of the notes being redeemed on the redemption date; and
- the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed on that redemption date (not including any portion of any payments of interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below), plus basis points for the 2015 notes and basis points for the 2022 notes (each, a "Make-Whole Amount"), in each case as determined by the Quotation Agent (as defined below),

plus, in each case, accrued and unpaid interest on the notes being redeemed to the redemption date.

On or after the date that is three months prior to the maturity date, all or any portion of the 2022 notes may be redeemed at any time at a redemption price equal to 100% of the principal amount of the 2022 notes being redeemed plus accrued and unpaid interest to the redemption date.

Notwithstanding the foregoing, installments of interest on notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant regular record date according to the notes and the indenture.

We will cause the trustee on our behalf to mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each registered holder of the notes to be redeemed. Once notice of redemption is mailed, the notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to the redemption date. The notes will be redeemed in increments of \$1,000 and, if we redeem any notes only in part, such that the principal amount that remains outstanding of each note that we redeem only in part equals \$2,000 or an integral multiple of \$1,000 in excess thereof.

"Treasury Rate" means, with respect to any redemption date, the rate per year equal to the semi-annual equivalent yield to maturity of the applicable Comparable Treasury Issue, assuming a price for such Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the related Comparable Treasury Price for such redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

[Table of Contents](#)

“Comparable Treasury Price” means, with respect to any redemption date, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (B) if we obtain fewer than three such Reference Treasury Dealer Quotations, the average of all such Quotations, or (C) if only one Reference Treasury Dealer Quotation is obtained, such Quotation.

“Quotation Agent” means a Reference Treasury Dealer selected by us.

“Reference Treasury Dealer(s)” means one or more primary U.S. Government securities dealer(s) in New York City selected by us.

“Reference Treasury Dealer Quotation” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the applicable Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third business day preceding such redemption date.

On and after the redemption date, interest will cease to accrue on the notes, or any portion of the notes, called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with a paying agent (or the trustee) money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on that date. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by lot by DTC or, if the notes to be redeemed are not represented by a global security, by a method the trustee deems to be fair and appropriate.

Change of Control Offer

If a change of control triggering event occurs with respect to the 2015 notes or the 2022 notes, unless we have exercised our option to redeem such notes as described above by mailing notice of such redemption to the registered holders of the notes being redeemed, we will be required to make an offer (a “change of control offer”) to each holder of the series of notes with respect to which such change of control triggering event has occurred to repurchase all of such holder’s notes or any part of such holder’s notes such that the principal amount that remains outstanding of each note not repurchased in full equals \$2,000 or an integral multiple of \$1,000 in excess thereof on the terms set forth in such notes. In a change of control offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest, if any, on the notes repurchased to the date of repurchase (a “change of control payment”).

Within 30 days following any change of control triggering event or, at our option, prior to any change of control, but after public announcement of the transaction that constitutes or may constitute the change of control, a notice will be mailed to holders of the 2015 notes and/or the 2022 notes, as the case may be, describing the transaction that constitutes or may constitute the change of control triggering event and offering to repurchase such notes on the date specified in the applicable notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (a “change of control payment date”). The notice will, if mailed prior to the date of consummation of the change of control, state that the change of control offer is conditioned on the change of control triggering event occurring on or prior to the applicable change of control payment date.

[Table of Contents](#)

Upon the change of control payment date, we will, to the extent lawful:

- accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the applicable change of control offer;
- deposit with the paying agent an amount equal to the change of control payment in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being repurchased.

We will not be required to make a change of control offer upon the occurrence of a change of control triggering event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and the third party repurchases all notes properly tendered and not withdrawn under its offer. In addition, we will not repurchase any notes if there has occurred and is continuing on the change of control payment date an event of default under the indenture, other than a default in the payment of the change of control payment upon a change of control triggering event.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a change of control triggering event. To the extent that the provisions of any securities laws or regulations conflict with the change of control offer provisions of the notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the change of control offer provisions of the notes by virtue of any such conflict.

For purposes of the change of control offer provisions of the notes, the following terms will be applicable:

"Change of control" means the occurrence of any of the following: (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more series of related transactions, of all or substantially all of our assets and the assets of our subsidiaries, taken as a whole, to any person, other than our company or one of our subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our outstanding voting stock or other voting stock into which our voting stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares; (3) we consolidate with, or merge with or into, any person, or any person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding voting stock or the voting stock of such other person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of our voting stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the voting stock of the surviving person or any direct or indirect parent company of the surviving person, immediately after giving effect to such transaction; (4) the first day on which a majority of the members of our Board of Directors are not continuing directors; or (5) the adoption of a plan relating to our liquidation or dissolution.

[Table of Contents](#)

Notwithstanding the foregoing, a transaction will not be deemed to involve a change of control under clause (2) above if (i) we become a direct or indirect wholly-owned subsidiary of a holding company and (ii)(A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of our voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company. The term "person," as used in this definition, has the meaning given thereto in Section 13(d)(3) of the Exchange Act.

"Change of control triggering event" with respect to a series of notes means the occurrence of both a change of control and a rating event with respect to such series of notes.

"Continuing directors" means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date the notes were issued or (2) was nominated for election, elected or appointed to such Board of Directors with the approval of a majority of the continuing directors who were members of such Board of Directors at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

"Fitch" means Fitch Inc., and its successors.

"Investment grade rating" means a rating equal to or higher than BBB- (or the equivalent) by Fitch, a rating equal to or higher than Baa3 (or the equivalent) by Moody's and a rating equal to or higher than BBB- (or the equivalent) by S&P, and a rating equal to or higher than the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us.

"Moody's" means Moody's Investors Service, Inc., and its successors.

"Rating agencies" means (1) each of Fitch, Moody's and S&P and (2) if any of Fitch, Moody's or S&P ceases to rate the notes of a series or fails to make a rating of such notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Fitch, Moody's or S&P, or all of them, as the case may be.

"Rating event" means, with respect to either series of notes, that on any day during the period (the "trigger period") commencing 60 days prior to the first public announcement by us of any change of control (or pending change of control) and ending 60 days following consummation of such change of control (which trigger period will be extended following consummation of a change of control for so long as any of the rating agencies has publicly announced that it is considering a possible ratings change), the notes of such series cease to have an investment grade rating from at least two of the three rating agencies. Unless at least two of the three rating agencies are providing a rating for the notes of such series at the commencement of any trigger period, the notes of such series will be deemed to have ceased to have an investment grade rating from at least two of the three rating agencies during that trigger period.

"S&P" means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.

[Table of Contents](#)

“Voting stock” means, with respect to any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

The definition of change of control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of our assets and those of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of assets and those of our subsidiaries taken as a whole to another person or group may be uncertain.

Book-Entry, Delivery and Form

DTC. The Depository Trust Company, or DTC, will act as securities depository for the notes. The notes will be issued as fully registered securities registered in the name Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered security certificate will be issued for each series of notes, each in the aggregate principal amount of such series, and will be deposited with DTC.

The following is based on information furnished by DTC: DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act. DTC holds securities that its direct participants deposit with DTC. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agents. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others—indirect participants—such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. DTC has a Standard & Poor’s rating of AA+. The DTC rules applicable to its participants are on file with the SEC.

Purchases of notes under the DTC system must be made by or through direct participants, which will receive a credit for such notes on DTC’s records. The ownership interest of each actual purchaser of each security—the beneficial owner—is in turn recorded on the records of direct and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchases. Beneficial owners are, however, expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they entered into the transactions. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of direct and indirect participants acting on behalf of beneficial owners. Beneficial owners will not receive

[Table of Contents](#)

certificates representing their ownership interests in notes, except in the event that use of the book-entry system for the notes is discontinued.

To facilitate subsequent transfers, all notes deposited by direct participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes; DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

If applicable, redemption notices shall be sent to DTC. If less than all of the notes of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to notes unless authorized by a direct participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an omnibus proxy to Newell as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Redemption proceeds, principal payments and any premium, interest or other payments on the notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from Newell or the paying agent, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participant and not of DTC, Newell or the paying agent, subject to any statutory or regulatory requirements in effect from time to time. Payment of redemption proceeds, principal and any premium, interest or other payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Newell and the paying agent, disbursement of such payments to direct participants will be the responsibility of DTC, and disbursement of such payments to the beneficial owners will be the responsibility of direct and indirect participants.

A beneficial owner shall give notice to elect to have its notes purchased or tendered, through its participant, to the appropriate agent and will effect delivery of such notes by causing the direct participant to transfer the participant's interest in the notes on DTC's records to the appropriate agent. The requirement for physical delivery of the notes in connection with an optional tender or mandatory purchase will be deemed satisfied when the ownership rights in the notes are transferred by direct participants on DTC's records and followed by a book-entry credit of tendered notes to the DTC account of the appropriate agent.

We have provided the foregoing information with respect to DTC to the financial community for information purposes only. We do not intend the information to serve as a representation, warranty or contract modification of any kind. We have received the information in this section concerning DTC and DTC's system from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

Clearstream. Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream participants") and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Monetary Institute. Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters of this offering. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly.

Distributions with respect to notes held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures to the extent received by DTC for Clearstream.

Euroclear. Euroclear was created in 1968 to hold securities for participants of Euroclear ("Euroclear participants") and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator"), under contract with Euro-clear Clearance System S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes a policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear Operation is regulated and examined by the Belgian Banking Commission.

Links have been established among DTC, Clearstream and Euroclear to facilitate the initial issuance of the notes sold outside of the United States and cross-market transfers of the notes associated with secondary market trading. Although DTC, Clearstream and Euroclear have agreed to the procedures provided below in order to facilitate transfers, they are under no obligation to perform these procedures, and these procedures may be modified or discontinued at any time.

[Table of Contents](#)

Clearstream and Euroclear will record the ownership interests of their participants in much the same way as DTC, and DTC will record the total ownership of each of the U.S. agents of Clearstream and Euroclear, as participants in DTC. When notes are to be transferred from the account of a DTC participant to the account of a Clearstream participant or a Euroclear participant, the purchaser must send instructions to Clearstream or Euroclear through a participant at least one day prior to settlement. Clearstream or Euroclear, as the case may be, will instruct its U.S. agent to receive notes against payment. After settlement, Clearstream or Euroclear will credit its participant's account. Credit for the notes will appear on the next day (European time).

Because settlement is taking place during New York business hours, DTC participants will be able to employ their usual procedures for sending notes to the relevant U.S. agent acting for the benefit of Clearstream or Euroclear participants. The sale proceeds will be available to the DTC seller on the settlement date. As a result, to the DTC participant, a cross-market transaction will settle no differently than a trade between two DTC participants.

When a Clearstream or Euroclear participant wishes to transfer notes to a DTC participant, the seller will be required to send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct its U.S. agent to transfer these notes against payment for them. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, with the proceeds back valued to the value date, which would be the preceding day, when settlement occurs in New York. If settlement is not completed on the intended value date, that is, if the trade fails, proceeds credited to the Clearstream or Euroclear participant's account will instead be valued as of the actual settlement date.

You should be aware that you will only be able to make and receive deliveries, payments and other communications involving the notes through Clearstream and Euroclear on the days when clearing systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time zone differences there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as the United States.

The information in this section concerning DTC, its book-entry system, Clearstream and Euroclear and their respective systems has been obtained from sources that we believe to be reliable, but we have not attempted to verify the accuracy of this information.

Certificated Notes

We will issue certificated notes of a series to each person that DTC identifies as the beneficial owner of notes of such series represented by global notes upon surrender by DTC of such global notes only if:

- DTC notifies us that it is no longer willing, able or eligible to act as a depository for such global notes, and we have not appointed a successor depository within 60 days of that notice;
- an event of default has occurred and is continuing; or
- subject to DTC's procedures, we decide not to have the notes of such series represented by global notes.

[Table of Contents](#)

Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in DTC in identifying the beneficial owners of the notes. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee, including instructions about the registration and delivery, and the respective principal amounts, of the notes to be issued.

UNDERWRITING

J.P. Morgan Securities LLC and RBC Capital Markets, LLC are acting as joint book-running managers of the offering and as representatives of the underwriters named below.

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of notes set forth opposite the underwriter's name.

Underwriter	Principal Amount of 2015 notes	Principal Amount of 2022 notes
J.P. Morgan Securities LLC		
RBC Capital Markets, LLC		
Total	\$ 250,000,000	\$ 250,000,000

The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. Newell has been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to certain conditions. The underwriters are obligated to purchase all the notes if they purchase any of the notes.

The underwriters propose to offer some of the notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of the notes to dealers at the public offering prices less a concession not to exceed % of the principal amount of the 2015 notes and % of the principal amount of the 2022 notes. The underwriters may allow, and dealers may re-allow, a concession not to exceed % of the principal amount of the 2015 notes and % of the principal amount of the 2022 notes on sales to other dealers. After the initial offering of the notes to the public, the representatives may change the public offering prices and concessions.

In connection with the offering, the representatives, on behalf of the underwriters, may purchase and sell notes in the open market. These transactions may include over-allotment sales, syndicate covering transactions and stabilizing transactions. Over-allotment sales involve syndicate sales of notes in excess of the principal amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market prices of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

[Table of Contents](#)

Any of these activities may have the effect of preventing or retarding a decline in the market prices of the notes. They may also cause the prices of the notes to be higher than the prices that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

The underwriters and their affiliates have provided various investment and commercial banking services for us from time to time for which they have received customary fees and expenses. The underwriters and their affiliates may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$1.5 million.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

European economic area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of the notes which are the subject of the offering contemplated by the underwriting agreement to the public in that Relevant Member State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural persons or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of CIBC World Markets Corp. in any such offer; or
- (d) in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of notes shall require the Province or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this section, the expression an “offer of notes to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive to the extent implemented in the Relevant Member State) and includes any relevant implementing measures in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

United Kingdom

Each of the underwriters severally represents and agrees that (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue and sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the Province; and (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Italy

The offering of the notes has not been registered with the Commissione Nazionale per le Società e la Borsa ("CONSOB") pursuant to Italian securities legislation and, accordingly, each underwriter has represented and agreed that it has not offered, sold or delivered, and will not offer, sell or deliver, any notes in the Republic of Italy in a solicitation to the public, and that sales of notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Each underwriter has represented and agreed that it will not offer, sell or deliver the notes or distribute copies of this prospectus supplement, the accompanying prospectus or any other document relating to the notes in the Republic of Italy except:

(1) to Qualified Investors (investitori qualificati), as defined in Article 100 of Legislative Decree No. 58 of February 24, 1998, as amended ("Decree No. 58") and as defined under Article 34-ter, first paragraph, letter b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended ("CONSOB Regulation No. 11971"); or

(2) in other circumstances where an express exemption from compliance with the public offering restrictions applies, as provided under Article 100 of Decree No. 58 or CONSOB Regulation No. 11971.

Any offer, sale or delivery of the notes or distribution of copies of this prospectus supplement, the accompanying prospectus or any other document relating to the notes in the Republic of Italy must be:

(a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of September 1, 1993, as amended (the "Banking Act"), Decree No. 58 and CONSOB Regulation No. 16190 of 29 October 2007 (as amended from time to time) and any other applicable laws and regulations;

(b) in compliance with Article 129 of the Banking Act, as amended, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy; and

(c) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or the Bank of Italy.

Please note that in accordance with Article 100-bis of the Consolidated Financial Services Act, where no exemption from the rules on public offerings applies under (1) and (2) above, the

[Table of Contents](#)

subsequent distribution of the notes on the secondary market in the Republic of Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Consolidated Financial Services Act and CONSOB Regulation No. 11971. Failure to comply with such rules may result in the sale of such notes being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the investors.

France

Each of the underwriters has represented and agreed that it has not offered or sold and will not offer or sell, directly or indirectly, notes to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this prospectus supplement, the accompanying prospectus or any other offering material relating to the notes, and that such offers, sales and distributions have been and will be made in France only to (a) providers of investment services relating to portfolio management for the account of third parties, and/or (b) qualified investors (*investisseurs qualifiés*) other than individuals, all as defined in, and in accordance with, articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French Code monétaire et financier. This prospectus supplement and the accompanying prospectus prepared in connection with the notes have not been submitted to the clearance procedures of the *Autorité des marchés financiers*.

The Netherlands

Each of the underwriters has represented and agreed that the notes will only be offered in The Netherlands to Qualified Investors (as defined in the Prospectus Directive as defined under “European Economic Area” above), unless such offer is made in accordance with the Dutch Financial Supervision Act (*Wet op het financieel toezicht*).

Japan

The notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended) (the “FIEA”). Each of the underwriters has severally represented and agreed that it will not offer or sell any notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Control Law (Law No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and all other applicable laws, regulations and ministerial guidelines of Japan promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time.

Nova Scotia Rights of Action for Damages or Rescission

Section 138 of the Securities Act (Nova Scotia), as amended (the “Nova Scotia Act”), provides that where an offering memorandum (as defined in the Nova Scotia Act for purposes of this section), together with any amendment thereto, or any record incorporated by reference in or deemed incorporated into an offering memorandum, or any advertising or sales literature (as defined in

Table of Contents

the Nova Scotia Act), contains an untrue statement of a material fact or omits to state a material fact that is required to be stated or that is necessary in order to make any statement contained herein or therein not misleading in light of the circumstances in which it was made (a "misrepresentation"), a purchaser in Nova Scotia to whom the offering memorandum has been sent or delivered and who purchases a security referred to therein is deemed to have relied on that misrepresentation, if it was a misrepresentation at the time of purchase, and the purchaser has a right of action for damages against the seller (which includes the issuer) and, subject to certain additional defenses, every director of the seller at the date of the offering memorandum and every person who signed the offering memorandum (and the liability is joint and several with respect to the same cause of action), but may elect to exercise a statutory right of rescission against the seller, in which case the purchaser has no right of action for damages against the seller or the other foregoing persons. Such rights of rescission and damages are subject to certain limitations including the following:

- (a) in an action for rescission or damages, the defendant will not be liable if the defendant proves that the purchaser purchased the security with knowledge of the misrepresentation;
- (b) in an action for damages, the defendant is not liable for all or any portion of the damages that the defendant proves does not represent the depreciation in value of the security resulting from the misrepresentation; and
- (c) in no case shall the amount recoverable under the right of action described herein exceed the price at which the securities were offered under the offering memorandum or amendment to the offering memorandum.

In addition, no person or company, other than the issuer, is liable in an action for damages or rescission:

- (a) if the person or company proves that the offering memorandum or the amendment to the offering memorandum was sent or delivered to the purchaser without the person's or company's knowledge or consent and that, on becoming aware of its delivery, the person or company gave reasonable general notice that it was delivered without the person's or company's knowledge or consent;
- (b) if the person or company proves that after delivery of the offering memorandum or the amendment to the offering memorandum and before the purchase of the securities by the purchaser, on becoming aware of any misrepresentation in the offering memorandum, or amendment to the offering memorandum, the person or company withdrew the person's or company's consent to the offering memorandum, or amendment to the offering memorandum, and gave reasonable general notice of the withdrawal and the reason for it;
- (c) if the person or company proves that with respect to any part of the offering memorandum or the amendment to the offering memorandum purporting to be made on the authority of an expert, or to be a copy of, or an extract from, a report, an opinion or a statement of an expert, the person or company had no reasonable grounds to believe and did not believe that
 - (i) there had been a misrepresentation; or
 - (ii) the relevant part of the offering memorandum or any amendment to the offering memorandum did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of, or an extract from, the report, opinion or statement of the expert; or

Table of Contents

(d) with respect to any part of the offering memorandum or amendment to the offering memorandum not purporting:

(i) to be made on the authority of an expert; or

(ii) to be a copy of, or an extract from, a report, opinion or statement of an expert, unless the person or company failed to conduct a reasonable investigation to provide reasonable grounds for a belief that there had been no misrepresentation, or believed that there had been a misrepresentation.

If a misrepresentation is contained in a record incorporated by reference in, or deemed incorporated into, the offering memorandum or amendment to the offering memorandum, the misrepresentation is deemed to be contained in the offering memorandum or amendment to the offering memorandum.

No action shall be commenced to enforce the foregoing rights unless an action is commenced to enforce those rights not later than 120 days after the date on which payment was made for the security or after the date on which the initial payment for the security was made where payments subsequent to the initial payment are made pursuant to a contractual commitment assumed prior to, or concurrently with, the initial payment.

The right of action for rescission or damages conferred by section 138 of the Nova Scotia Act is in addition to and without derogation from any right the purchaser may have at law.

Conflicts of Interest

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the issuer, for which they received or will receive customary fees and expenses.

In particular, J.P. Morgan Securities LLC serves as a co-structuring agent, and JPMorgan Chase Bank, N.A., an affiliate of J.P. Morgan Securities LLC, serves as an administrative agent, a managing agent, a committed lender and an administrative trustee for a conduit lender under our receivables financing facility. A portion of the proceeds will be used to reduce amounts outstanding under such facility. As a result, J.P. Morgan Securities LLC and its affiliates may be deemed to receive proceeds from the offering in an amount exceeding 5% of the net proceeds therefrom, which represents a "conflict of interest" under Financial Industry Regulatory Authority ("FINRA") Rule 5121.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP, independent registered public accounting firm, has audited our consolidated financial statements and financial statement schedule for the year ended December 31, 2011 as set forth in their report dated February 29, 2012 (except for Notes 1 — Description of Business, 4, 7, 19, and 21, as to which the date is June 11, 2012), included in our Current Report on Form 8-K filed on June 11, 2012, and has audited the effectiveness of our internal control over financial reporting as of December 31, 2011 included in our Annual Report on Form 10-K, as set forth in their report dated February 29, 2012, both of which are incorporated by reference in this prospectus and elsewhere in the registration statement. Our financial statements and financial statement schedule are incorporated by reference in reliance on Ernst & Young LLP's reports, given on their authority as experts in accounting and auditing.

LEGAL MATTERS

The validity of the notes will be passed on for us by Schiff Hardin LLP, Chicago, Illinois. Winston & Strawn LLP, Chicago, Illinois will act as counsel for the underwriters. Winston & Strawn LLP provides legal services to Newell and its subsidiaries from time to time.

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission under a “shelf” registration process. Under this process, we may sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities registered under this process, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus and any supplement carefully before you invest. This prospectus may not be used to make sales of offered securities unless accompanied by a prospectus supplement.

We have not authorized anyone to provide you with information that is different from, or additional to, the information provided in this prospectus or any later prospectus supplement. We are not making an offer to sell securities in any state or country where the offer is not permitted.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is May 17, 2011.

Our vision is to become a global company of Brands That Matter™ and great people, known for best-in-class results. We are committed to building consumer-meaningful brands through understanding the needs of consumers and using those insights to create innovative, highly differentiated product solutions that offer performance and value. Over the past five years, we have been focused on transforming our business model and operations to align with our long-term strategy. We have largely completed the transformation and have transitioned from a manufacturer of products to a marketer of Brands That Matter to consumers, improved the product portfolio by investing in brands and products that respond to innovation and product differentiation while reducing exposures to commoditized product categories, and expanded geographically with a growing global footprint. With the transformation largely complete, our strategy is to leverage the portfolio for faster growth, continue building Brands That Matter to drive demand, and fuel growth through margin expansion and scale synergies. Our strategy is designed to achieve simultaneous net sales growth, gross margin expansion and increased earnings per share.

USE OF PROCEEDS

We expect to use the net proceeds from the sale of the securities for general corporate purposes. These may include additions to working capital, repayment of existing debt and acquisitions. If we decide to use the net proceeds from the sale of securities in some other way, we will describe the use of the net proceeds in the prospectus supplement for that offering.

DESCRIPTION OF DEBT SECURITIES

General

The following description sets forth general terms that may apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities.

The debt securities will be either our senior debt securities or our subordinated debt securities. The senior debt securities will be issued under an indenture in the form of the indenture to be entered into, between us and The Bank of New York Mellon Trust Company, N.A., as trustee. This indenture is referred to as the "senior indenture." The subordinated debt securities will be issued under an indenture in the form of the indenture to be entered into between us and The Bank of New York Mellon Trust Company, N.A., as trustee. This indenture is referred to as the "subordinated indenture." The senior indenture and the subordinated indenture are together called the "indentures."

Copies of the indentures are incorporated by reference as exhibits to the registration statement. For your convenience, we have included references to specific sections of the indentures in the descriptions below.

The following summaries of provisions of the debt securities and the indentures are not complete and are qualified in their entirety by express reference to all of the provisions of the indentures and the debt securities.

Because Newell is a holding company and conducts its business principally through its subsidiaries, these notes will be structurally subordinated to the liabilities of its subsidiaries. The rights of Newell, and the rights of its creditors, including the holders of the notes, to participate in any distribution of the assets of any of its subsidiaries upon that subsidiary's liquidation or reorganization or otherwise are necessarily subject to the prior claims of creditors of that subsidiary, except to the extent that Newell's claims as a creditor of that subsidiary may be recognized. Neither the debt securities nor the indentures restrict Newell or any of its subsidiaries from incurring indebtedness.

Neither of the indentures limits the principal amount of debt securities that we may issue. Each indenture provides that debt securities may be issued up to the principal amount that we may separately authorize from time to time. Each also provides that the debt securities may be denominated in any currency or currency unit designated by us. Unless otherwise shown in the prospectus supplement related to that offering, neither the indentures nor the debt securities will contain any provisions to afford holders of any debt securities protection in the event of a takeover, recapitalization or similar restructuring of our business.

[Table of Contents](#)

The senior debt securities will rank equally with all of our other unsecured and unsubordinated debt. The subordinated debt securities will rank junior to all of our senior debt securities and other senior indebtedness as we describe below under “Particular Terms of the Subordinated Debt Securities — Subordination.”

We will include specific terms relating to a particular series of debt securities in a prospectus supplement relating to the offering. The terms we will describe in the prospectus supplement will include some or all of the following:

- the distinct title and type of the debt securities;
- the total principal amount or initial offering price of the debt securities;
- the date or dates when the principal of the debt securities will be payable;
- the rate at which the debt securities will bear interest;
- the date from which interest on the debt securities will accrue;
- the dates when interest on the debt securities will be payable and the regular record date for these interest payment dates;
- the place where
 - the principal, premium, if any, and interest on the debt securities will be paid,
 - registered debt securities may be surrendered for registration of transfer, and
 - debt securities may be surrendered for exchange;
- any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;
- the terms and conditions upon which we will have the option to redeem the debt securities;
- the denominations in which any registered debt securities will be issuable, if other than denominations of \$1,000 or integral multiples, and the denominations in which any bearer debt securities will be issuable, if other than a denomination of \$5,000;
- the identity of each security registrar and paying agent, and the designation of the exchange rate agent, if any, if other than the trustee;
- the portion of the principal amount of debt securities that will be payable upon acceleration of the maturity of the debt securities;
- the currency used to pay principal, premium and interest on the debt securities, if other than U.S. Dollars, and whether you or we may elect to have principal, premium and interest paid in a currency other than the currency in which the debt securities are denominated;
- any index, formula or other method used to determine the amount of principal, premium or interest on the debt securities;
- whether provisions relating to defeasance and covenant defeasance will be applicable to the series of debt securities;
- any changes to the events of default or to our covenants made in the applicable indenture;
- whether the debt securities are issuable as registered debt securities or bearer debt securities, whether there are any restrictions relating to the form in which they are issued and whether bearer and registered debt securities may be exchanged for each other;
- to whom interest will be payable
 - if other than the registered holder (for registered debt securities),
 - if other than upon presentation and surrender of the related coupons (for bearer debt securities), or

[Table of Contents](#)

- if other than as specified in the indentures (for global debt securities);
- if the debt securities are to be convertible or exchangeable for other securities, the terms of conversion or exchange;
- particular terms of subordination with respect to subordinated debt securities; and
- any other terms of the debt securities.

We may issue debt securities as original issue discount securities to be sold at a substantial discount below their principal amount. If we issue original issue discount securities, then special federal income tax rules that apply may be described in the prospectus supplement for those debt securities.

Registration and Transfer

We presently plan to issue each series of debt securities only as registered securities. However, we may issue a series of debt securities as bearer securities, or a combination of both registered securities and bearer securities. If we issue debt securities as bearer securities, they will have interest coupons attached unless we elect to issue them as zero coupon securities. (Sections 201 and 301). If we issue bearer securities, we may describe material U.S. federal income tax consequences and other material considerations, procedures and limitations in the prospectus supplement for that offering.

Holders of registered debt securities may present the debt securities for exchange for different authorized amounts of other debt securities of the same series and of similar principal amount at the corporate trust office of the trustee in New York, New York or at the office of any other transfer agent we may designate for the purpose and describe in the applicable prospectus supplement. The registered securities must be duly endorsed or accompanied by a written instrument of transfer. The agent will not impose a service charge on you for the transfer or exchange. We may, however, require that you pay any applicable tax or other governmental charge. We will describe any procedures for the exchange of bearer securities for other debt securities of the same series in the prospectus supplement for that offering. Generally, we will not allow you to exchange registered securities for bearer securities. (Sections 301, 305 and 1002)

In general, unless otherwise specified in the applicable prospectus supplement, we will issue registered securities without coupons and in denominations of \$1,000, or integral multiples, and bearer securities in denominations of \$5,000. We may issue both registered and bearer securities in global form. (Sections 301 and 302)

Conversion and Exchange

If any debt securities will be convertible into or exchangeable for our common stock or other securities, the applicable prospectus supplement will set forth the terms and conditions of the conversion or exchange, including:

- the securities into which the debt securities are convertible;
- the conversion price or exchange ratio;
- the conversion or exchange period;
- whether the conversion or exchange will be mandatory or at the option of the holder or Newell;
- whether any portion of the conversion value will be paid in cash;
- provisions for adjustment of the conversion price or exchange ratio; and
- provisions that may affect the conversion or exchange if the debt securities are redeemed.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that we will identify in a prospectus supplement. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be registered for transfer or exchange except:

- as a whole by the depository for the global security to a nominee of the depository, by a nominee of the depository to the depository or another nominee of the depository, or by the depository or a nominee of the depository to a successor depository or a nominee of the successor depository; and
- in any other circumstances described in the prospectus supplement applicable thereto.

The specific terms of the depository arrangement with respect to any portion of a series of debt securities to be represented by a global security will be described in the prospectus supplement applicable thereto. Newell expects that the following provisions will apply to depository arrangements.

Unless otherwise specified in the applicable prospectus supplement, debt securities that are to be represented by a global security to be deposited with or on behalf of a depository will be represented by a global security or, in some cases, global securities registered in the name of the depository or its nominee. Upon the issuance of the global security, and the deposit of the global security with or on behalf of the depository for the global security, the depository will credit on its book entry registration and transfer system the respective principal amounts of the debt securities represented by the global security to the accounts of institutions that have accounts with the depository or its nominee (“participants”). The accounts to be credited will be designated by the underwriters or agents of the debt securities. If we directly offer and sell debt securities, the accounts to be credited will be designated by us. Ownership of beneficial interests in the global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests by participants in the global security will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by the depository or its nominee for the global security. Ownership of beneficial interests in the global security by persons that hold through participants will be shown on, and the transfer of that ownership interest within the participant will be effected only through, records maintained by the participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. The foregoing limitations and the laws may impair the ability to transfer beneficial interests in the global securities.

So long as the depository for a global security, or its nominee, is the registered owner of the global security, the depository or the nominee, as the case may be, will be considered the sole owner or “holder” of the debt securities represented by the global security for all purposes under the indenture applicable thereto. Unless otherwise specified in the applicable prospectus supplement, owners of beneficial interests in the global security will not be entitled to have debt securities of the series represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of debt securities of the series in certificated form and will not be considered the holders of the debt securities for any purposes under the indenture applicable thereto. Accordingly, each person owning a beneficial interest in the global security must rely on the procedures of the depository and, if the person is not a participant, on the procedures of the participant through which the person owns its interest to exercise any rights of a holder of debt securities under the indenture applicable thereto. Newell understands that under existing industry practices, if Newell requests any action of holders or an owner of a beneficial interest in the global security desires to give any notice or take any action a holder is entitled to give or take under the indenture applicable thereto, then the depository would authorize the participants to give this notice or take this action, and participants would authorize beneficial owners owning through these participants to give this notice or take this action or would otherwise act upon the instructions of beneficial owners owning through them.

Principal of and any premium and interest on a global security will be payable in the manner described in the applicable prospectus supplement.

Consolidation, Merger and Sale of Assets

As provided in the indentures, we may, without the consent of holders of the debt securities, consolidate with or merge into, or convey, transfer or lease all or substantially all of our properties and assets to, any person (the “survivor”), so long as:

- the survivor is a corporation, limited liability company, partnership or trust organized and validly existing under the laws of any United States jurisdiction and expressly assumes our obligations on the debt securities and under the indentures;
- immediately after giving effect to the transaction, no default or event of default shall have occurred and be continuing under the indentures; and
- certain other conditions regarding delivery of an officers’ certificate and opinion of counsel are met. (Section 801)

Acceleration of Maturity

If an event of default occurs and is continuing with respect to debt securities of a particular series (other than an event of default relating to certain events of bankruptcy, insolvency and reorganization), the trustee or the holders of not less than 25% in principal amount of outstanding debt securities of that series may declare the principal amount of the debt securities of that series (or that portion of the principal amount as may be specified in the terms of that series) due and payable immediately by notice to Newell (and to the trustee, if given by the holders). If an event of default relating to certain events of bankruptcy, insolvency and reorganization occurs and is continuing, the principal amount of the debt securities of that series (or that portion of the principal amount as may be specified in the terms of that series) shall become and be immediately due and payable without any declaration or other action on the part of the trustee or any holder. (Section 502)

At any time after a declaration of acceleration with respect to debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the trustee therefor, the holders of a majority in principal amount of the outstanding debt securities of that series by written notice to Newell and the trustee may rescind and annul the declaration and its consequences if:

- Newell has paid or deposited with the trustee a sum sufficient to pay in the currency in which the debt securities of the series are payable, except as otherwise specified in the applicable indenture:
- all overdue interest on all outstanding debt securities of that series and any related coupons,
- all unpaid principal of and premium, if any, on any of the debt securities which has become due otherwise than by the declaration of acceleration, and interest on the unpaid principal at the rate or rates prescribed therefor in the debt securities,
- to the extent lawful, interest on overdue interest at the rate or rates prescribed therefor in the debt securities, and
- all sums paid or advanced by the trustee and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel; and
- all events of default with respect to debt securities of that series, other than the non-payment of amounts of principal, interest or any premium on the debt securities which have become due solely by the declaration of acceleration, have been cured or waived. (Section 502)

No rescission shall affect any subsequent default or impair any right consequent thereon.

The holders of not less than a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all the debt securities of the series and any related coupons, waive any past default under the applicable indenture with respect to the series and its consequences, except a default:

- in the payment of the principal of or premium, if any, or interest on any debt security of the series or any related coupon, or

Table of Contents

ÿ in respect of a covenant or provision that cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected thereby. (Section 513)

If an event of default with respect to debt securities of a particular series occurs and is continuing, the trustee will be under no obligation to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of debt securities of the series, unless the holders shall have offered to the trustee reasonable indemnity and security against the costs, expenses and liabilities that might be incurred by it in compliance with the request. (Section 602)

The holders of a majority in principal amount of the outstanding debt securities of the series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the applicable indenture, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. The trustee may refuse to follow directions in conflict with law or the indenture or that may involve the trustee in personal liability or may be unduly prejudicial to the other, non-directing holders. (Section 512)

Modification or Waiver

The indentures allow Newell and the trustee, without the consent of any holders of debt securities, to enter into supplemental indentures for various purposes, including:

- ÿ evidencing the succession of another entity to us and the assumption of our covenants and obligations under the debt securities and the indenture by this successor,
- ÿ adding to Newell's covenants for the benefit of the holders,
- ÿ adding additional events of default for the benefit of the holders,
- ÿ establishing the form or terms of any series of debt securities issued under the supplemental indentures or curing ambiguities or inconsistencies in the indentures, and
- ÿ making other provisions that do not adversely affect the interests of the holders of any series of debt securities in any material respect. (Section 901)

The indentures allow Newell and the trustee, with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities of any affected series, to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the indentures or modifying the rights of the holders of the debt securities of the series. (Section 902) Without the consent of the holders of all the outstanding debt securities affected thereby, no supplemental indenture may:

- ÿ change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;
- ÿ reduce the principal amount of, the rate of interest on, or any premium payable upon the redemption of, any debt security;
- ÿ reduce the amount of the principal of any original issue discount security or indexed security that would be due and payable upon acceleration of the maturity of the debt security;
- ÿ change the redemption provisions of any debt security in a manner adverse to the interests of holders of such security;
- ÿ change any place of payment where, or the currency, currencies or currency unit or units in which, any debt security or any premium or interest thereon is payable;
- ÿ impair the right to institute suit for the enforcement of any payment on or after the stated maturity of the debt security or, in the case of redemption, on or after the redemption date;
- ÿ affect adversely the right of repayment at the option of the holder of any debt security of the series;

[Table of Contents](#)

- reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holders is required for a supplemental indenture, or the consent of whose holders is required for any waiver of compliance with various provisions of the indenture or various defaults thereunder and their consequences provided for in the indentures; or
- modify any of the foregoing described provisions. (Section 902)

Meetings

The indentures contain provisions for convening meetings of the holders of debt securities of any series for any action to be made, given or taken by holders of debt securities. The trustee, Newell, and the holders of at least 10% in principal amount of the outstanding debt securities of a series may call a meeting, in each case after notice to holders of that series has been properly given. (Section 1502)

Persons entitled to vote a majority in principal amount of the outstanding debt securities of a series will constitute a quorum at a meeting of holders of debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series that has been properly held under the provisions of the indentures will bind all holders of debt securities of that series and related coupons. (Section 1504)

Financial Information

Newell will file with the Securities and Exchange Commission the annual reports, quarterly reports and other documents required to be filed with the Securities and Exchange Commission by Section 13(a) or 15(d) of the Exchange Act, and will also file with the trustee copies of these reports and documents within 15 days after it is required to file them with the Securities and Exchange Commission. (Section 703)

Defeasance

The indentures include provisions allowing us to be discharged from our obligation on the debt securities of any series. (Section 1401) To be discharged from our obligations on the debt securities, we would be required to deposit with the trustee or another trustee money or U.S. government obligations sufficient to make all principal, premium (if any) and interest payments on those debt securities. (Section 1404) If we make this defeasance deposit with respect to your debt securities, we may elect either:

- to be discharged from all of our obligations on your debt securities, except for our obligations to register transfers and exchanges, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the debt securities and to hold moneys for payment in trust (Section 1402); or
- in the case of senior debt securities, to be released from restrictions relating to liens and sale-leaseback transactions and, in the case of all debt securities, to be released from other covenants as may be described in the prospectus supplement relating to such debt securities. (Section 1403)

To establish the trust, Newell must deliver to the trustee an opinion of our counsel that the holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount, and in the same manner and at the same times as would have been the case if the defeasance had not occurred. (Section 1404 (5)) There may be additional provisions relating to defeasance which we will describe in the applicable prospectus supplement.

The Trustee

The Bank of New York Mellon Trust Company, N.A. (“BNY Mellon”) is the trustee under the senior indenture and the subordinated indenture. An affiliate of BNY Mellon is a lender under our revolving credit facility. We maintain other banking and borrowing arrangements with BNY Mellon and its affiliates, and BNY Mellon and its affiliates may perform additional banking services for, or transact other banking business with, Newell in the future.

[Table of Contents](#)

Subject to the provisions of the Trust Indenture Act of 1939, the trustee may be deemed to have a conflicting interest for purposes of the Trust Indenture Act of 1939 and may be required to resign as trustee if:

- there is an event of default under the indenture; and
- one or more of the following occurs:
 - the trustee is a trustee for another indenture under which our securities are outstanding;
 - the trustee is a trustee for more than one outstanding series of debt securities under a single indenture;
 - the trustee is one of our creditors; or
 - the trustee or one of its affiliates acts as an underwriter or agent for us.

Newell may appoint an alternative trustee for any series of debt securities. The appointment of an alternative trustee would be described in the applicable prospectus supplement.

Governing Law

The indentures and the debt securities are by their terms to be governed by and their provisions construed under the internal laws of the State of New York. (Section 112)

Miscellaneous

Newell has the right at all times to assign any of its respective rights or obligations under the indentures to a direct or indirect wholly-owned subsidiary of Newell; provided, that, in the event of any assignment, Newell will remain liable for all of its respective obligations. (Section 803) The indentures are binding upon and inure to the benefit of the parties thereto and their respective successors and assigns. (Section 109)

PARTICULAR TERMS OF THE SENIOR DEBT SECURITIES

The following description of the senior debt securities sets forth additional general terms and provisions of the senior debt securities to which a prospectus supplement may relate. The debt securities are described generally in this prospectus under "Description of Debt Securities" above. The particular terms of the senior debt securities offered by a prospectus supplement will be described in the applicable prospectus supplement.

Limitation on Liens

The senior indenture provides that while the senior debt securities issued under it or the related coupons remain outstanding, Newell will not, and will not permit any of its subsidiaries to, create, incur, assume or suffer to exist any lien of any kind upon any of its or their property or assets, now owned or hereafter acquired, without directly securing all of the senior debt securities equally and ratably with the obligation or liability secured by the lien, except for:

(1) liens existing as of the date of the senior indenture;

(2) liens, including sale and lease-back transactions, on any property acquired, constructed or improved after the date of the senior indenture, which are created or assumed contemporaneously with, or within 180 days after, the acquisition or completion of this construction or improvement, or within six months thereafter by a commitment for financing arranged with a lender or investor within the 180-day period, to secure or provide for the payment of all or a portion of the purchase price of the property or the cost of the construction or improvement incurred after the date of the senior indenture (or before the date of the indenture in the case of any construction or improvement which is at least 40% completed at the date of the indenture) or, in addition to liens contemplated by clauses (3) and (4) below, liens on any property existing at the time of acquisition of the property including acquisition through merger or consolidation; provided, that any lien (other than a sale and lease-back transaction meeting the requirements of this clause) does not apply to any property theretofore owned by Newell or a subsidiary other than, in the case of any

such construction or improvement, any theretofore unimproved real property on which the property so constructed, or the improvement, is located;

(3) liens existing on any property of a person at the time the person is merged with or into, or consolidates with, Newell or a subsidiary;

(4) liens on any property of a person (including, without limitation, shares of stock or debt securities) or its subsidiaries existing at the time the person becomes a subsidiary, is otherwise acquired by Newell or a subsidiary or becomes a successor to Newell under Section 802 of the senior indenture;

(5) liens to secure an obligation or liability of a subsidiary to Newell or to another subsidiary;

(6) liens in favor of the United States of America or any state, or any department, agency or instrumentality or political subdivision of the United States of America or any state, to secure partial progress, advance or other payments under any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of constructing or improving the property subject to the liens;

(7) liens to secure tax-exempt private activity bonds under the Internal Revenue Code of 1986, as amended;

(8) liens arising out of or in connection with a sale and lease-back transaction if the net proceeds of the sale and lease-back transaction are at least equal to the fair value, as determined by the board of directors, the chairman of the board, the vice chairman of the board, the president or the principal financial officer of Newell, of the property subject to the sale and lease-back transaction;

(9) liens for the sole purpose of extending, renewing or replacing in whole or in part indebtedness secured by any lien referred to in the foregoing clauses (1) to (8), inclusive, or in this clause (9); provided, however, that the principal amount of indebtedness secured thereby shall not exceed the principal amount of indebtedness so secured at the time of the extension, renewal or replacement, and that this extension, renewal or replacement shall be limited to all or a part of the property which secured the lien so extended, renewed or replaced plus improvements on the property;

(10) liens arising out of or in connection with a sale and lease-back transaction in which the net proceeds of the sale and lease-back transaction are less than the fair value, as determined by the board of directors, the chairman of the board, the vice chairman of the board, the president or the principal financial officer of Newell, of the property subject to the sale and lease-back transaction if Newell provides in a board resolution that it shall, and if Newell covenants that it will, within 180 days of the effective date of any arrangement or, in the case of (C) below, within six months thereafter under a firm purchase commitment entered into within the 180-day period, apply an amount equal to the fair market value as so determined of the property:

(A) to the redemption of senior debt securities of any series which are, by their terms, at the time redeemable or the purchase and retirement of senior debt securities, if permitted;

(B) to the payment or other retirement of funded debt, as defined below, incurred or assumed by Newell which ranks senior to or *pari passu* with the senior debt securities or of funded debt incurred or assumed by any subsidiary other than, in either case, funded debt owned by Newell or any subsidiary; or

(C) to the purchase of property other than the property involved in the sale;

(11) liens on (x) accounts receivable and related general intangibles and instruments arising out of or in connection with a sale or transfer by Newell or the subsidiary of the accounts receivable and (y) any or all of the assets of a special purpose subsidiary that has purchased such accounts receivable (and related general intangibles and instruments) securing indebtedness of such special purpose subsidiary;

(12) permitted liens; and

(13) liens other than those referred to in clauses (1) through (12) above which are created, incurred or assumed after the date of the senior indenture, including those in connection with purchase money mort-

gages and sale and lease-back transactions, provided that the aggregate amount of indebtedness secured by the liens, or, in the case of sale and lease-back transactions, the value of the sale and lease-back transactions, referred to in this clause (13), does not exceed 15% of consolidated total assets. (Section 1007)

The term “consolidated total assets” means the total of all the assets appearing on the consolidated balance sheet of Newell and its subsidiaries determined according to generally accepted accounting principles applicable to the type of business in which Newell and the subsidiaries are engaged, and may be determined as of a date not more than 60 days before the happening of the event for which the determination is being made. (Section 101)

The term “funded debt” means any indebtedness which by its terms matures at or is extendable or renewable at the sole option of the obligor without requiring the consent of the obligee to a date more than 12 months after the date of the creation of the indebtedness. (Section 101)

The term “lien” means, as to any person, any mortgage, lien, collateral assignment, pledge, charge, security interest or other encumbrance in respect of or on, or any interest or title of any vendor, lessor, lender or other secured party to or of the person under any conditional sale or other title retention agreement, purchase money mortgage or sale and lease-back transaction with respect to, any property or asset (including without limitation income and rights thereto) of the person (including without limitation capital stock of any subsidiary of the person), or the signing by the person and filing of a financing statement which names the person as debtor, or the signing by the person of any security agreement agreeing to file, or authorizing any other party as the secured party thereunder to file, any financing statement. (Section 101)

The term “permitted liens” means:

- mechanics, materialmen, landlords, warehousemen and carriers liens and other similar liens imposed by law securing obligations incurred in the ordinary course of business which are not past due or which are being contested in good faith by appropriate proceedings and for which appropriate reserves have been established;
- liens under workmen’s compensation, unemployment insurance, social security or similar legislation;
- liens, deposits, or pledges to secure the performance of bids, tenders, contracts (other than contracts for the payment of money), leases, public or statutory obligations, surety, stay, appeal, indemnity, performance or other similar bonds, or similar obligations arising in the ordinary course of business;
- judgment and other similar liens arising in connection with court proceedings, provided the execution or other enforcement of the liens is effectively stayed and the claims secured thereby are being actively contested in good faith and by appropriate proceedings; and
- easements, rights of way, restrictions and other similar encumbrances which, in the aggregate, do not materially interfere with the occupation, use and enjoyment by Newell or any subsidiary of the property or assets encumbered thereby in the normal course of its business or materially impair the value of the property subject thereto. (Section 101)

The term “sale and lease-back transaction” means, with respect to any person, any direct or indirect arrangement with any other person or to which any other person is a party, providing for the leasing to the first person of any property, whether now owned or hereafter acquired (except for temporary leases for a term, including any renewal of the leases, of not more than three years and except for leases between Newell and a subsidiary or between subsidiaries), which has been or is to be sold or transferred by the first person to the other person or to any person to whom funds have been or are to be advanced by the other person on the security of the property. (Section 101)

The term “subsidiary” means any corporation of which at the time of determination Newell or one or more subsidiaries owns or controls directly or indirectly more than 50% of the shares of voting stock. (Section 101)

[Table of Contents](#)

The term “value” means, with respect to a sale and lease-back transaction, as of any particular time, the amount equal to the greater of:

- (a) the net proceeds from the sale or transfer of the property leased under the sale and lease-back transaction or
- (b) the fair value in the opinion of the board of directors, the chairman of the board, the vice chairman of the board, the president or the principal financial officer of Newell of the property at the time of entering into the sale and lease-back transaction,

in either case multiplied by a fraction, the numerator of which shall be equal to the number of full years of the term of the lease remaining at the time of determination and the denominator of which shall be equal to the number of full years of the term, without regard to any renewal or extension options contained in the lease. (Section 101)

The term “voting stock” means stock of a corporation of the class or classes having general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of the corporation. (Section 101)

Events of Default

An “event of default” regarding any series of senior debt securities is any one of the following events:

- default for 30 days in the payment of any interest installment when due and payable;
- default in the payment of principal or premium (if any) when due at its stated maturity, by declaration, when called for redemption or otherwise;
- default in the making of any sinking fund payment when due;
- default in the performance of any covenant in the senior debt securities or in the senior indenture (other than a default in the performance of a covenant which is specifically dealt with elsewhere in these bullets or which is solely for the benefit of one of more other series of senior debt securities) for 60 days after notice to Newell by the trustee or to Newell and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of that series;
- certain events of bankruptcy, insolvency and reorganization of Newell or one of its principal subsidiaries;
- an event of default (as defined in any mortgage, indenture or instrument under which there is issued, or by which there is secured or evidenced, any indebtedness of Newell or any principal subsidiary for money borrowed) that results in such indebtedness in principal amount in excess of \$75,000,000 becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, which such acceleration is not rescinded or annulled, nor such indebtedness discharged, within a period of 30 days after notice to Newell by the trustee or to Newell and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of that series; and
- any other event of default provided with respect to that series of debt securities. (Section 501)

The term “principal subsidiary” means, as of any date of determination thereof, any subsidiary the consolidated net revenues of which for the twelve-month period ending on the last day of the month then most recently ended exceed 10% of our consolidated net revenues for such period, determined on a pro forma basis after giving effect to any acquisition or disposition of a subsidiary or a business effected on or prior to the determination date and after the beginning of such twelve-month period (including acquisitions and dispositions accomplished through a purchase or sale of assets or through a merger or consolidation). (Section 101)

We are required to file every year with the trustee an officers’ certificate stating whether any default exists and specifying any default that exists. (Section 1004)

PARTICULAR TERMS OF THE SUBORDINATED DEBT SECURITIES

The following description of the subordinated debt securities sets forth additional general terms and provisions of the subordinated debt securities to which a prospectus supplement may relate. The debt securities are described generally under “Description of Debt Securities” above. The particular terms of the subordinated debt securities offered by a prospectus supplement will be described in the applicable prospectus supplement.

Subordination

The subordinated debt securities will be subordinated to the prior payment in full of:

- the senior debt securities and all other unsecured and unsubordinated indebtedness of Newell ranking equally with the senior debt securities; and
- other indebtedness of Newell to the extent shown in the applicable prospectus supplement.

Events of Default

An “event of default” regarding any series of subordinated debt securities is any one of the following events:

- default for 60 days in the payment of any interest installment when due and payable;
- default in the payment of principal or premium (if any) when due at its stated maturity, by declaration, when called for redemption or otherwise;
- default in the making of any sinking fund payment when due;
- default in the performance of any covenant in the subordinated debt securities or in the subordinated indenture (other than a default in the performance of a covenant which is specifically dealt with elsewhere in these bullets or which is solely for the benefit of one of more other series of subordinated debt securities) for 90 days after notice to Newell by the trustee or to Newell and the trustee by holders of at least 25% in principal amount of the outstanding debt securities of that series;
- certain events of bankruptcy, insolvency and reorganization of Newell;
- an event of default (as defined in any mortgage, indenture or instrument under which there is issued, or by which there is secured or evidenced, any indebtedness of Newell for money borrowed) that results in such indebtedness in principal amount in excess of \$75,000,000 becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, which such acceleration is not rescinded or annulled, nor such indebtedness discharged, within a period of 30 days after notice to Newell by the trustee or to Newell and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of that series; and
- any other event of default provided with respect to that series of debt securities. (Section 501)

We are required to file every year with the trustee an officers’ certificate stating whether any default exists and specifying any default that exists. (Section 1004)

DESCRIPTION OF CAPITAL STOCK

General

Our authorized capital stock consists of 800,000,000 shares of common stock and 10,000,000 shares of preferred stock. As of April 30, 2011, there were 291.3 million shares of common stock (net of treasury shares) and no shares of preferred stock outstanding. The outstanding shares of common stock are listed on the New York Stock Exchange and the Chicago Stock Exchange.

[Table of Contents](#)

Common Stock

Voting. Holders of common stock vote as a single class on all matters submitted to a vote of the stockholders, with each share of common stock entitled to one vote.

Dividends. Holders of the common stock are entitled to receive the dividends that may be declared from time to time by the board of directors out of funds legally available therefor. The rights of holders of common stock to receive dividends are subject to the prior rights of holders of any issued and outstanding preferred stock that may be issued in the future.

Other Provisions. Upon liquidation (whether voluntary or involuntary) or a reduction in Newell's capital which results in any distribution of assets to stockholders, the holders of the common stock are entitled to receive, pro rata according to the number of shares held by each, all of the assets of Newell remaining for distribution after payment to creditors and the holders of any issued and outstanding preferred stock of the full preferential amounts to which they are entitled. The common stock has no preemptive or other subscription rights and there are no other conversion rights or redemption provisions with respect to the shares.

Transfer Agent and Registrar. The transfer agent and registrar for our common stock is Computershare Investor Services.

Preferred Stock

Our board of directors may issue, without further authorization from our stockholders, up to 10,000,000 shares of preferred stock in one or more series. Our board of directors may determine at the time of creating each series:

- dividend rights and rates;
- voting and conversion rights;
- redemption provisions;
- liquidation preferences; and
- other relative, participating, optional or other special rights, qualifications, limitations or restrictions of the series.

We will describe in a prospectus supplement relating to any series of preferred stock being offered the terms of the preferred stock, which may include:

- the maximum number of shares to constitute the series;
- any annual dividend rate on the shares, whether the rate is fixed or variable or both, the date or dates from which dividends will accrue, the dates on which dividends, if declared, will be paid, whether the dividends will be cumulative and any dividend preference;
- whether the shares will be redeemable and, if so, the price at and the terms and conditions on which the shares may be redeemed;
- any liquidation preference applicable to the shares;
- the terms of any sinking fund;
- any terms and conditions on which the shares of the series shall be convertible into, or exchangeable for, shares of any other capital stock;
- any voting rights of the shares of the series; and
- any other preferences or special rights or limitations on the shares of the series.

Although Newell is not required to seek stockholder approval before designating any future series of preferred stock, the board of directors currently has a policy of seeking stockholder approval before designating any future series of preferred stock with a vote, or convertible into stock having a vote, in excess of 13% of the vote

[Table of Contents](#)

represented by all voting stock immediately after the issuance, except for the purpose of (a) raising capital in the ordinary course of business or (b) making acquisitions, the primary purpose of which is not to effect a change of voting power.

Provisions With Possible Anti-Takeover Effects

Newell's restated certificate of incorporation and by-laws contain provisions which may be viewed as having an anti-takeover effect. The restated certificate of incorporation classifies the board of directors into three classes and provides that vacancies on the board of directors are to be filled by a majority vote of directors and that directors so chosen will hold office until the end of the full term of the class in which the vacancy occurred. Under the Delaware General Corporation Law, directors of Newell may only be removed for cause. The restated certificate of incorporation and the by-laws also contain provisions that may reduce surprise and disruptive tactics at stockholders' meetings. The restated certificate of incorporation provides that no action may be taken by stockholders except at an annual meeting or special meeting, and does not permit stockholders to directly call a special meeting of stockholders. A stockholder must give written notice to Newell of an intention to nominate a director for election at an annual meeting 90 days before the anniversary date of the immediately preceding annual meeting. Each of these provisions tends to make a change of control of the board of directors more difficult and time consuming.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt or equity securities. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We will issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

- the title of the warrants;
- the designation, amount and terms of the securities for which the warrants are exercisable;
- the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;
- the price or prices at which the warrants will be issued;
- the aggregate number of warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;
- if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;
- if applicable, a discussion of the material U.S. federal income tax considerations applicable to the exercise of the warrants;
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants;
- the date on which the right to exercise the warrants will commence, and the date on which the right will expire;
- the maximum or minimum number of warrants that may be exercised at any time; and

[Table of Contents](#)

• information with respect to book-entry procedures, if any.

Exercise of Warrants

Each warrant will entitle the holder of warrants to purchase for cash the amount of debt or equity securities at the exercise price stated or determinable in the prospectus supplement for the warrants. Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be exercised as described in the applicable prospectus supplement. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as possible, forward the debt or equity securities that the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and for us to sell to the holders, a specified number of shares of common stock at a future date or dates. The price per share of common stock and the number of shares of common stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula stated in the stock purchase contracts.

The stock purchase contracts may be issued separately or as part of units that we call “stock purchase units.” Stock purchase units consist of a stock purchase contract and either our debt securities or U.S. treasury securities securing the holders’ obligations to purchase the common stock under the stock purchase contracts.

The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and these payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. The description in the prospectus supplement will only be a summary, and you should read the stock purchase contracts, and, if applicable, collateral or depositary arrangements, relating to the stock purchase contracts or stock purchase units. Material U.S. federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities:

- through underwriters,
- through agents,
- directly to a limited number of institutional purchasers or to a single purchaser, or
- any combination of these.

The prospectus supplement will describe the terms of the offering of the securities, including the following:

- the name or names of any underwriters, dealers or agents;
- the purchase price and the proceeds we will receive from the sale;
- any underwriting discounts and other items constituting underwriters’ compensation; and
- any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

[Table of Contents](#)

If underwriters are used in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase securities will be subject to conditions precedent and the underwriters will be obligated to purchase all the securities if any are purchased. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If dealers are used in the sale, we will sell the securities to the dealers as principals. The dealers may resell the securities to the public at prices determined by the dealers at the time of the resale.

We may sell securities directly or through agents we designate from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to that agent, will be described in the prospectus supplement.

The names of the underwriters, dealers or agents, as the case may be, and the terms of the transaction will be set forth in the applicable prospectus supplement.

Agents, dealers and underwriters may be entitled to indemnification by us against civil liabilities arising out of this prospectus, including liabilities under the Securities Act of 1933, or to contribution with respect to payments which the agents, dealers or underwriters may be required to make relating to those liabilities. Agents, dealers and underwriters may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business.

Our common stock will be approved for listing upon notice of issuance on the New York Stock Exchange and the Chicago Stock Exchange. Other securities may or may not be listed on a national securities exchange. No assurances can be given that there will be a market for the securities.
