Item 5. Other Events.

Set forth below are the transitional disclosures required by paragraph 61 of SFAS No. 142, updated from the transitional disclosures contained in the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2002. The update includes pro forma information for the quarter ended March 31, 2001 and the years ended December 31, 2001, 2000 and 1999, as if amortization of goodwill and trade names had been discontinued on January 1, 1999. The Company is making this disclosure to be incorporated by reference into its universal shelf registration statement recently filed with the Securities and Exchange Commission.

TRANSITION DISCLOSURES FOR THE ADOPTION OF SFAS NOS. 141 AND 142

In June 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations" and No. 142, "Goodwill and Other Intangible Assets" effective for fiscal years beginning after December 31, 2001. Under the new rules, goodwill and intangible assets deemed to have indefinite lives will no longer be amortized, but will be subject to periodic impairment tests in accordance with the statements. Other intangible assets will continue to be amortized over their useful lives. The statement also requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and establishes new criteria for recording intangible assets separate from goodwill.

Pursuant to the adoption of SFAS No. 142, all amortization expense on goodwill and intangible assets with indefinite lives ceased on January 1, 2002. The Company anticipates that the application of the nonamortization provisions will increase annual net income in 2002 by approximately \$41.0 million or \$0.15 per diluted share. During 2001 and the first quarter 2002, the Company performed the required impairment tests of goodwill and indefinite lived intangible assets as of January 1, 2002 and recorded a pre-tax goodwill impairment charge of \$538.0 million in the first quarter of 2002 (with an after-tax charge totaling \$514.9 million). There are no additional impairment charges anticipated for 2002.

The cost of trade names and goodwill represented the excess of cost over identifiable net assets of businesses acquired. Prior to the adoption of SFAS No. 142, trade names acquired in a business combination were not recognized separately from goodwill. Through the year ended December 31, 2001, trade names and goodwill were amortized over 40 years and other identifiable intangible assets were amortized over 5 to 20 years. Upon adoption of SFAS No. 142, trade names have not been "carved-out" from goodwill as they had not been identified and measured at fair value in the initial recording of a business combination.

A summary of changes in the Company's trade names and goodwill for the
