**Re: Newell Rubbermaid Inc.
Amendment No. 1 to Registration Statement on Form S-4
Filed February 17, 2016
File No. 333-208989**

Dear Mr. Polk:

We have reviewed your amended registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments. Unless we note otherwise, our references to prior comments are to comments in our February 10, 2016 letter.

Newell Rubbermaid Unaudited Prospective Financial Information

Newell Rubbermaid Unaudited Financial Forecasts, page 123

1. We note your response to comment number 19 in our letter dated February 10, 2016. Please expand your disclosure to state that your projections include an estimated \$2 million of annual expenses and their nature (e.g. care and maintenance) and that the projections also do not include any estimated cash basis income. It's unclear to us how the amounts considered in your projections does not represent a cessation of activities given the lack of revenues, direct expenses or other costs and cash basis income in your assumptions. Please clarify your operating activity assumptions in your disclosure.

2. We note your response to comment number 22 in our letter dated February 10, 2016, including your recitation of the guidance found in Rule 11-02(b)(5) of Regulation S-X and we are unable to agree with your conclusion. Please note, the notion of continuing impact is intended to mean the adjustment recurs over multiple accounting periods and is not a one-time accounting event. Whether or not the recurring accounting recognition extends over a period greater than 12 months is not determinative. Given your separate disclosure to the amount in accordance with Rule 11-02(b)(5), it appears you have concluded the amount is material. As such, please revise your pro forma presentation to include the cost of sales adjustment in your pro forma presentation

3. We note your response to comment 16 in our letter dated February 10, 2016. We also note disclosure that Barclays did not exclude any transactions meeting its criteria from its analysis. Please revise to disclose whether Goldman Sachs and Centerview excluded any companies or transactions meeting their criteria from their analyses and if so, the reasons for doing so.
